IEEE at a Glance

Who is IEEE?
IEEE (Institute of Electrical and Electronics Engineers) is the world’s largest technical professional organization dedicated to advancing technology for the benefit of humanity. IEEE and its members inspire a global community through its highly cited publications, conferences, technology standards, and professional and educational activities.

Our Mission
IEEE’s core purpose is to foster technology, innovation, and excellence for the benefit of humanity.

Our Vision
IEEE will be essential to the global technical community and to technical professionals everywhere, and it will be universally recognized for the contributions of technology and of technical professionals in improving global conditions.

Our Promise
The IEEE brand is an authentic reflection of our unflagging dedication to:
• Maintain our leadership as a trusted source of advancements and applications of technology
• Create standards, innovative research venues, and a global technology forum
• Provide opportunities to conquer technical challenges with imagination
• Enable today’s innovators to improve tomorrow’s quality of life

IEEE is recognized to be:
• A leader in the influence of the global technology community
• A resource to the technology industry within various disciplines for the engineering community
• A supporter of innovation with new technology standards and publications that empower tomorrow’s advancements

IEEE is a worldwide organization representing many different people and ideas, all striving for the same goal of advancing technology for humanity.
IEEE has...

417,000 members in over 160 countries, more than 50 percent of whom are from outside the United States

More than 120,000 student members

334 Sections in ten geographic Regions worldwide

2,116 Chapters that unite local members with similar technical interests

3,005 Student Branches at colleges and universities in 100 countries

1,481 Student Branch Chapters of IEEE technical Societies

486 affinity groups; IEEE affinity groups are non-technical sub-units of one or more Sections or a Council. The affinity group patent entities are the Young Professionals (YP), Women in Engineering (WIE), IEEE Entrepreneurship, IEEE-USA Consultants’ Network, and Life Members (LM).

Plus...

39 technical Societies and seven technical Councils representing the wide range of IEEE technical interests

Over 4 million documents in the IEEE Xplore® digital library, with more than 8 million downloads each month

Over 1,300 active standards and more than 600 standards under development

Publishes approximately 200 transactions, journals, and magazines

Sponsors more than 1,800 conferences in 98 countries each year:
  • Partnering with more than 1,400 non-IEEE entities globally
  • Attracting more than 484,000 conference attendees
  • Publishing more than 1,700 conference proceedings via IEEE Xplore®
